

Martin's Side Street DELI

Pricing Guide

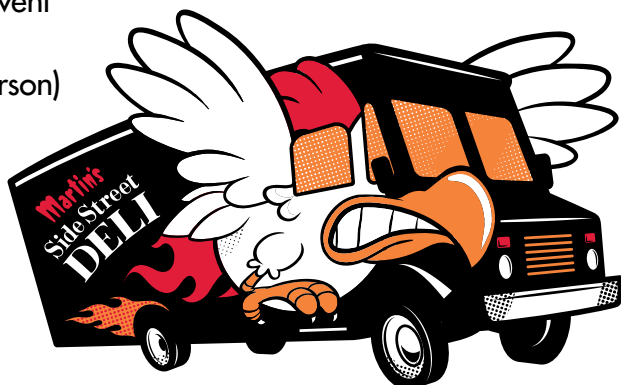

Would you like the food truck to come to your company or business?

This format is one where guests visit the truck and purchase their own meal. At the end of our scheduled time, if the agreed upon order minimum has not been met, the client covers the remaining difference. Payment is required the day of the event. A signed agreement is required upon booking the truck. *Large gatherings require a \$1000 minimum purchase.

Special Private Event? No problem! We do that too!

Guests approach the truck and order their meal at no charge. You'll work with our Food Truck Coordinator to build a perfect menu, which will include three main dishes and three sides or snack items.
